

Yacht Connexion presents  
*Lucky Dog*

The Horizon E88 sky lounge motoryacht *Lucky Dog* blends style and functionality on a spacious 21-foot beam. Her generous main deck—complete with a salon, formal dining, galley, and country kitchen—offers plenty of options for indoor entertaining as well as copious amounts of natural light. Below deck, a four ensuite stateroom layout consists of a full-beam master mid-ship, VIP in the bow, twin guest stateroom to port, and a starboard twin bunk stateroom.

Separate crew quarters aft, including a full crew dinette and head, afford privacy for owner and guests. *Lucky Dog*'s interior décor is luxurious, yet comfortable. High-gloss walnut is used on the upper and main decks, and high-gloss beechwood is used below.

Designed by John Lindblom, the E88 model was created with the enclosed bridge as part of the design, so the proportions and flow of the lines keep with the elegance of the overall

E-series style. The enclosed bridge affords another entertainment area that allows for a close relationship with your captain as well as the ability for an incredible, 360-degree view.

This one-owner boat shows fabulously with a pristine engine room, newly upgraded chillers and numerous interior upgrades completed in 2018, including all interior soft goods, new leather sofa and carpet in the salon, upgraded salon and flybridge blinds, and new flooring in the galley and flybridge.

As a fully equipped, turnkey vessel, the yacht also includes ABT stabilizers, bow and stern thrusters, 900-gallon-per-day watermaker, Hamman sewage treatment system, Delta T engine room ventilation system, Octoplex switch system, fuel polishing system, and much more. *Lucky Dog* is an immaculately maintained vessel, perfect for cruising the Caribbean, north to Maine and beyond. 🐕
