Mission

Southern Boating Media reaches far beyond its southern roots. Lifelong traditions, hospitality, style, and neighborly charm describe our personality, but our focus is the dream of the open seas, to cruise the coastal barrier islands, or spend a day on the lake.

That is why our distribution targets a national and international audience. Our readers are kept up to date with current affairs in regions from the Northeast Seaboard down the coast and into the Gulf as well as over to the Bahamas and through the Caribbean islands.

In each issue, Southern Boating offers the chance to discover new destinations, try out tasty recipes, learn about the latest trends in gear and technology, and, of course, read about boats.
